Hello Debra,

Have you created a SWIS number for the site? If not, please do so and then we can have a database for the documents. Below is the link to the Form 37. It will be an unpermitted disposal site, but I can help in further categorizing the site.

Forms - CalRecycle Home Page <https://calrecycle.ca.gov/lea/forms/> [1]

Click Solid Waste Information System (SWIS) Data Entry Forms and find CalRecycle 37.

Thanks,
Mike
